WINES OF THE WORLD

At Seafood World, just as we strive to obtain the freshest possible seafood on a daily basis, we have sought unique wines to compliment our menu. Many of these offerings come from small boutique wineries that pride themselves on making a hand crafted product. Some of them are made in limited quantities and may occasionally be unavailable, if so, we will suggest another wine of similar quality.

“Seafood World proudly features the Shooting Star wines from legendary winemaker, Jed Steele, as our house wines. All of these selections are hand crafted in small lots and consistently deliver high quality with every vintage.”

ROSÉ & RIESLING

Rosé, The Seeker, Provence, France	8 / 25

These grapes were discovered in French Provence, where vineyard plots overlooking Rousset at the foot of Saint Victoire mountain are influenced by abundant sunshine and Mistral winds. From the best selection of plots amidst the garrigue. The proximity of the sea, the sunshine, and the granitic and schist-specific soil give this wine its great character. Grenache lends subtle red fruit, fullness and intensity while Cinsault contributes freshness and balance to the blend.

---	----------------

A portion of each sale goes to supporting bee health research. Piquant aromas and flavors of honeysuckle, lime zest, lemon balm, citron and spice include floral hints of apple-blossom and freesia over time
